Create and Foster Relationships

Greystone is a community offering unmatched amenities, comradery, and service, but it is the people who truly set us apart. Connect with a down-to-earth upper echelon and experience the perfect place to entertain, gather, and build up your team.

"For me, it's been a way for me to care for my team and my leaders. We have 43 employees, and Greystone gives us a chance to build a relationship with them, to serve them, allow them to have some fun, whether it's lunch or dinner, or comradery, or playing there at the Club.

I appreciate effort and excellence, and from the course to the food to everything that I've experienced to this point, there has been excellence. People don't mind paying for something when there's value there. And I think the value-add has been fantastic."

—Rob Grubb, Chief Operating Officer at OneAscent

Imagine the impression you'll leave when you bring your most important client with you to play either of Greystone's **two championship golf courses**. Turn a business relationship into a friendship. Host your golf outings and special gatherings hassle-free, and wow your guests every time with the venue, the food, and the service. We take care of even the smallest details so your days at Greystone are always time well spent.

You don't have to be a Member to host your event at the Club. Whether you plan to host board meetings or the full-staff holiday party, join the roster of corporations who choose Greystone when the day needs to be exactly right.

"We'll go use the Club's boardroom as an extension of our office. It's a place we can go to that removes us from the day-to-day office operations, allowing for space to think strategically during quarterly meetings. ... Upon arrival, the Greystone team has the room all set up for us—it's very inviting. The projector is up, and the snacks, or whatever it be, are all laid out. We have the luxury just to walk in and get started. ... It's a great way to set the tone for a successful meeting."

—Wayland Abernathy, III
